OVERVIEW. The peer-reviewed Journal of Educational Leadership, Policy and Practice (established 1986) presents the work of new and established scholars and practitioners. The journal aims to highlight new knowledge and important ideas both from New Zealand and internationally. In particular, JELPP welcomes studies that further international debates in the field of educational leadership.

Journal of Educational Leadership, Policy and Practice
The Policy Practice undertakes policy work in developing countries, and advises and trains governments, development agencies, civil society organisations and companies. We provide practical, innovative solutions based on realistic assessments of the challenges and opportunities facing developing countries. Our multi- disciplinary approach uses the political economy perspective to understand the processes of socio-economic change and their effect on the implementation of development programmes.
