next, I'm surrounded by four winged, fanged, ridiculously hot guys who are definitely nothuman, and who insist that I'm the only one who can break the curse that binds them to the night. I know I should run far, far away from this hot mess, but there's a connection between us I can't deny. I'm seeing things I can't explain, feeling things that don't make sense. The detective in me has never been able to resist a mystery, and this one is just begging me to dig in. But all that will have to wait, because there's a new threat stalking my city. One with a taste for blood and bone,
