Christopher Bache may be the world's first Cosmopher. In his refreshing and innovative book, *Dark Night, Early Dawn: Steps Towards an Ecology of Mind*, he articulates transpersonal realms with a convincing intimacy, revealing a universe that is alive, intelligent and directly accessible within ourselves.

Ecology of a Deep ...

Dark Night, Early Dawn is the most important book I have read in recent years. Whenever I present a brief summary of its major ideas, either to students in my graduate classes or to general audiences, it unfailingly arouses intense interest. I believe Bache's work evokes this response because he has articulated, with superb clarity, rigor, and ...

...

Dark Night Early Dawn This is an interesting and even heroic work, well worth the money. In large part the author combs the relevant literature and supplements it with his own experience from deliberately induced psychedelic states in order to mine for the material he presents.
