Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics.

Smaller homes are growing in popularity as more people decide to live simpler yet fuller lives with less square footage, less responsibility, and less stuff. Smaller homes can provide substantial savings in tax, building, heating, maintenance, and repair costs, with reduced ecological impact. Build the small home of your dreams by doing all or part of the work yourself. This practical do-it-yourself guide will help you make your dreams a reality. Whether you're looking to build the ideal cabin, cottage, small home, or tiny house, you'll be sure to find it here. Select from a catalog of more than 360 expertly prepared plans for building a variety of small homes under 1,200 square feet. Easy-to-follow construction blueprints and materials lists are available for each project to ensure success. Big Book of Small Home Plans is also packed with advice for rightsizing your house while maximizing your living space, with useful tips on small home organizing, decorating, and smart storage.

This beautiful photographic collection of 50 new glamor designs from recent home shows takes readers on a tour, step-by-step, through the design and decorating details. Each design includes accessories, landscaping, and even luxuries such as sweeping staircases and grand entries. Full color.

A classic of stitchwork, The Complete Book of Crochet Stitch Designs has now been updated with all-new diagrams and full-color photography, and showcases 500 designs—from traditional favorites to originals found nowhere else. There are soft and lacy patterns; some that mimic knitting, weaving, or patchwork; and others that use large openwork and popcorn stitches. And every stitch design features a photo, reader-friendly instructions, and a diagram showing each stitch and its placement—so it's easy to understand the entire design at a glance. The guide also includes a pictorial index, which displays the complete pattern, and directions for all basic crochet stitches. Both beginners and experienced crocheters alike will turn to this invaluable reference for years to come.A Main Selection of the Crafter's Choice Book Club.
