The "powerful" (Michelle Alexander) exploration—featured by The Atlantic, Essence, the Washington Post, New York magazine, NPR, and others—of the harsh and harmful experiences confronting Black girls in schools In a work that Lisa Delpit calls “imperative reading,” Monique W. Morris (Black Stats, Too Beautiful for Words) chronicles the experiences of Black girls across the country whose intricate lives are misunderstood, highly judged—by teachers, administrators, and the justice system—and degraded by the very institutions charged with helping them flourish. Called “compelling” and “thought-provoking” by Kirkus Reviews, Pushout exposes a world of confined potential and supports the rising movement to challenge the policies, practices, and cultural illiteracy that push countless students out of school and into unhealthy, unstable, and often unsafe futures. Called a book “for everyone who cares about children” by the Washington Post, Morris’s illumination of these critical issues is “timely and important” (Booklist) at a moment when Black girls are the fastest growing population in the juvenile justice system. Praised by voices as wide-ranging as Gloria Steinem and Roland Martin, and highlighted for the audiences of Elle and Jet right alongside those of EdWeek and the Leonard Lopate Show, Pushout is a book that “will stay with you long after you turn the final page” (Bookish).

Morris is a little boy who loves using his imagination. But most of all, Morris loves his classroom’s dress-up center and its tangerine dress. Morris is a little boy who loves using his imagination. He dreams about having space adventures, paints beautiful pictures and sings the loudest during circle time. But most of all, Morris loves his classroom’s dress-up center – he loves wearing the tangerine dress. But the children in Morris’s class don’t understand. Dresses, they say, are for girls. And Morris certainly isn’t welcome in the spaceship some of his classmates are building. Astronauts, they say, don’t wear dresses. One day when Morris feels all alone, and sick from the taunts of his classmates, his mother lets him stay home from school. Morris reads about elephants, and puts together a puzzle, and dreams of a fantastic space adventure with his cat, Moo. Inspired by his dream, Morris paints the incredible scene he saw, and brings it with him to school. He builds his own spaceship, hangs his painting on the front of it and takes two of his classmates on an outer space adventure. With warm, dreamy illustrations Isabelle Malenfant perfectly captures Morris’s vulnerability and the vibrancy of his imagination. This is a sweetly told story about the courage and creativity it takes to be different. “Gripping and timely.” —People “The YA debut we’re most excited for this year.” —Entertainment Weekly “A book that knocks you off your feet while dropping the kind of knowledge that’ll keep you down for the count. Prepare to BE slain.” —Nic Stone, New York Times bestselling author of Dear Martin and Odd One Out Ready Player One meets The Hate U Give in this dynamite debut novel that follows a fierce teen game developer as she battles a real-life troll intent on ruining the Black Panther–inspired video game she created and the safe community it represents for Black gamers. By day, seventeen-year-old Kiera Johnson is an honors student, a math tutor, and one of the only Black kids at Jefferson Academy. But at home, she joins hundreds of thousands of Black gamers who duel worldwide as Nubian personas in the secret multiplayer online role-playing card game, SLAY. No one knows Kiera is the game developer, not her friends, her family, not even her boyfriend, Malcolm, who believes video games are partially responsible for the “downfall of the Black man.” But when a teen in Kansas City is murdered over a dispute in the SLAY world, news of the game reaches mainstream media, and SLAY is labeled a racist, exclusionist, violent hub for thugs and criminals. Even worse, an anonymous troll infiltrates the game, threatening to sue Kiera for “anti-white discrimination.” Driven to save the only world in which she can be herself, Kiera must preserve her secret identity and harness what it means to be unapologetically Black in a world intimidated by Blackness. But can she protect her game without losing herself in the process?

One of NPR’s Best Books of the Year From the author of Nothing to Declare, a moving travel narrative examining healing, redemption, and what it means to be a solo woman on the road. In February 2008, a casual afternoon of ice skating derailed the trip of a lifetime. Mary Morris was on the verge of a well-earned sabbatical, but instead she endured three months in a wheelchair, two surgeries, and extensive rehabilitation. One morning, when she was supposed to be in Morocco, Morris was lying on the sofa reading Death in Venice, casting her eyes over these words again and again: “He would go on a journey. Not far. Not all the way to the tigers.” Disaster shifted to possibility and Morris made a decision. When she was well enough to walk again, she would go “all the way to the tigers.” So begins a three-year odyssey that takes Morris to India on a tiger safari in search of the world’s most elusive apex predator. Written in over a hundred short chapters accompanied by the author’s photographs, this travel memoir offers an elegiac, wry, and wise look at a woman on the road and the glorious, elusive creature she seeks.
