Like a character in a Hitchcock movie, Dave McOmie travels the country breaking into bank vaults, cracking jewelry store safes, and decoding unbreakable codes secured deep in government facilities. He ' s never been arrested or charged with a crime, because — it ' s his job! Safecracker reveals a shadowy world where tumblers are twirled, skeletons are exposed, and longstanding mysteries are solved. You ' ll ride shotgun with Dave for one crazy week, beginning with an impenetrable vault in Vegas with a midnight deadline, and ending with Prince ' s ultra-secure music vault in the basement of Paisley Park. In between are factual stories that read like fiction: drilling the same model ATM from the notorious episode of Breaking Bad; meeting a mystery man from the Department of Defense at a remote location to crack two high security safes; chronicling the corruption and ineptitude that dogged efforts to develop the first electronic safe lock to guard our national secrets; tackling a hundred-year-old antique bank vault in downtown Salt Lake City, and more.... What ' s in all these safes and vaults? Gold and silver, drugs and cash, guns and ammo, family heirlooms and X-rated paraphernalia. And a few secrets that should have remained secret. Shhhhh!
