RICE is a mnemonic acronym for four elements of treatment for soft tissue injuries: rest, ice, compression, and elevation. The mnemonic was introduced by Gabe Mirkin in 1978. He has since recanted his support for the regimen. In 2014 he wrote, "Coaches have used my 'RICE' guideline for decades, but now it appears that both ice and complete Rest may delay healing, instead of helping. In a recent study, athletes were told to exercise so intensely that they developed severe muscle damage that cause

With the same unique vision that brought his now classic Mars trilogy to vivid life, bestselling author Kim Stanley Robinson boldly imagines an alternate history of the last seven hundred years. In his grandest work yet, the acclaimed storyteller constructs a world vastly different from the one we know. . . . ∩A thoughtful, magisterial alternate history from one of science fiction∩s most important writers.∩∩The New York Times Book Review It is the fourteenth century and one of the most apocalyptic events in human history is set to occur∩the coming of the Black Death. History teaches us that a third of Europe∩s population was destroyed. But what if the plague had killed 99 percent of the population instead? How would the world have changed? This is a look at the history that could have been∩one that stretches across centuries, sees dynasties and nations rise and crumble, and spans horrible famine and magnificent innovation. Through the eyes of soldiers and kings, explorers and philosophers, slaves and scholars, Robinson navigates a world where Buddhism and Islam are the most influential and practiced religions, while Christianity is merely a historical footnote. Probing the most profound questions as only he can, Robinson shines his extraordinary light on the place of religion, culture, power∩and even love∩in this bold New World. ∩Exceptional and engrossing.∩New York Post ∩Ambitious . . . ingenious.∩Newsday

Suffering is a deeply personal problem. Why is this happening to me? Guiding readers through the seven most significant theodicies, Richard Rice uses theory and personal stories to help each of us form a response to suffering that is both intellectually satisfying and personally authentic.
Are we what we eat? What does food reveal about how we live and how we think of ourselves in relation to others? Why do people have a strong attachment to their own cuisine and an aversion to the foodways of others? In this engaging account of the crucial significance rice has for the Japanese, Rice as Self examines how people use the metaphor of a principal food in conceptualizing themselves in relation to other peoples. Emiko Ohnuki-Tierney traces the changing contours that the Japanese notion of the self has taken as different historical Others—whether Chinese or Westerner—have emerged, and shows how rice and rice paddies have served as the vehicle for this deliberation. Using Japan as an example, she proposes a new cross-cultural model for the interpretation of the self and other.

Around the globe, poverty has held too many people in its grip for too long. While microfinance - small loans to impoverished individuals - initially attracted attention in the press, it didn't achieve the scale, scope, and profitability necessary to substantially combat poverty. All that changed with Vikram Akula's creation of SKS Microfinance. In this highly personal narrative, A Fistful of Rice, Akula reveals how he pieced together the best of both philanthropy and (to his surprise) capitalism to help millions of India's poor transition from paupers to customers to business owners. As thoughtful as Barack Obama's personal journey in Dreams from My Father, as harrowing as Paul Farmer's battle against infectious disease in Mountains Beyond Mountains, and as gripping as Greg Mortensen's fight for education in Three Cups of Tea, Akula's story shows how traditional business principles can be brought to bear on global problems in new ways. A Fistful of Rice offers not only inspiration but also lessons for anyone seeking to transform tenacity, creativity, and innovation into potent tools for fighting even the most seemingly intractable human burdens.

Tradition takes flight in *Rice & Rocks*, a picture book celebrating culture and diversity. Giovanni's friends are coming over for Sunday dinner, and his grandmother is serving rice and beans. Giovanni is embarrassedhe does not like "rice and rocks" and worries his friends will think the traditional Jamaican dish is weird. But his favorite Auntie comes to the rescue. She and Giovanni's pet parrot, Jasper, take him on a magical journey across the globe, visiting places where people eat rice and rocks. This exciting story celebrates the varied traditions of every culture while also highlighting the delicious similarities that bring us all together.

Rice is one of the most versatile and delicious foods in the world. From risottos to nasi goreng, pilaf to pies, puddings to snack bars, this extraordinary grain is an essential ingredient in so many classic dishes. Posh Rice offers over 70 brand new recipe ideas for rice, with sections on soups & snacks (pakoras, béchamel fritters, sticky rice summer rolls), salads & bowls (sesame, avocado and salmon rice bowl, chicken burrito bowls, Persian rice salad), main courses (bibimbap, risi e bisi, lamb Hyderabadi biryani, seafood paella, Hong Kong claypot rice), side dishes (coconut and cashew rice, mudajahhra) and desserts and sweets (Belgian rice tart, Balinese black rice pudding, summer berry rice cream). With tips on storecupboard essentials and a guide to types of rice, and with a photograph of every single recipe, Posh Rice gives you a wealth of fast and tasty meal solutions.

Rice and Beans is a book about the paradox of local and global. On the one hand, this is a globe-spanning dish, a simple source of complete nutrition for billions of people in hundreds of countries. On the other hand, in every place people insist that rice and beans is a local invention, deeply rooted in a particular history and culture. How can something so universal also be so particular? The authors of this book explore the specific history of the versions of rice and beans beloved and indigenous in cultures from Brazil to West Africa. But they also plumb the shared African, Native American and European trans-Atlantic encounters and exchanges, and the contemporary forces of globalization and nation-building, which combine to make rice and beans a powerful substance and symbol of the relationship between food and culture.

Infinitely customizable, cheap to make, and downright delicious, it's no wonder fried rice is one of the world's most popular comfort foods. These 50 delicious recipes draw inspiration from all over the globe, and they'll expand your fried rice repertoire well beyond the usual Chinese takeout staple. In addition to standards like spicy-funky Indonesian Fried Rice and classic Chinese Fried Rice with BBQ Pork, you'll find inventive takes on worldly flavors. Think Fried Cauliflower Rice with Turkey Kofta, Mint, and Feta from the Middle East, and Huevos Rancheros Fried Rice from Latin America. These satisfying dishes reveal just how versatile fried rice can be, and most use pantry staples or whatever you have in the fridge. Others, such as Duck Confit Fried Rice with Fennel, Mustard Greens, and Pickled Raisins, elevate the humble dish into entertaining-worthy territory, proving there's no limit to this globe-trotting grain.

Each month is gay, each season nice, when eating chicken soup with rice./DIV
