The Toro Workman 3200 is a commercial utility vehicle used to transport smaller loads of landscaping material, such as dirt and rocks. The rear tires use a turf tread with a 6-ply rating.

This book provides a comprehensive resource on various aspects of the parasite Trypanosoma cruzi and the neglected tropical disease Chagas disease (American trypanosomiasis), the disorder resulting from infection with the parasite. Topics include the biological description and taxonomy of the parasite, epidemiology and transmission routes, laboratory techniques in use when working with the parasite, as well as diagnostic measures and treatment of Chagas disease. Furthermore, a chapter with life stories of people in contact with the disease in endemic as well as non-endemic countries is included. The book is therefore a valuable source for individuals engaged in basic research as well as patient care and health management related to American trypanosomiasis.

"Fourth edition of Māori-English, English-Māori dictionary"--BIM.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public."—an excerpt
