SUNDAY TIMES BESTSELLER Some people are born to be a certain thing. And I was a born fighter. At the age of eight, Michael Bisping began his training in martial arts. By the time he was 15, he was fighting in his first no holds barred competition. When he turned professional and joined the UFC he was sure about one thing: only a world championship title would do. A British underdog in the greatest fighting championship on earth, he spent the next decade winning some of the championship's most sensational contests to achieve his dream, becoming the first ever British UFC world champion in 2016. From his boyhood years learning to fight in the gyms of Lancashire to his most shocking clashes in the cage, in *Quitters Never Win* Bisping tells the raw and unfiltered story behind his legendary career for the first time, including his greatest wins, his fiercest rivals and the harrowing injury that forced him into retirement. As audacious, entertaining and as candid as the man himself, it's a backstage pass to one of the world's most extreme sports and an unbridled account of what it really takes to become a champion, from sleeping in his own car to reaching the summit of the world's fastest growing sport.

Jupiter's Travels - Ted Simon's astonishing 4 year motorbike journey around the world The book that inspired Ewan McGregor's Long Way Round In the late 1970s Ted Simon set off on a Triumph and rode 63,000 miles over four years through fifty-four countries in a journey that took him around the world. Through breakdowns, prison, war, revolutions, disasters and a Californian commune, he travelled into the depths of fear and reached the heights of euphoria. He met astonishing people and was treated as a spy, a welcome stranger and even a god. For Simon the trip became a journey into his own soul, and for many others - including bikers Charley Boorman and Ewan McGregor - it provides an inspiration they will never forget. This classic text, which has informed a whole genre of travel writing in the thirty years since it was first published, will never be bettered for sheer adventure, passion, humour and honesty. Brought up in England by a German mother and a Romanian father, Ted Simon found himself impelled by an insatiable desire to explore the world. It led him to abandon an early scientific career in favour of journalism, and he has worked for several newspapers and magazines on Fleet Street and elsewhere. Ted Simon is also the author of Riding Home and The Gypsy in Me.

A dazzling, epic biography of Levon Helm—the beloved, legendary drummer and singer of the Band. He sang the anthems of a generation: "The Weight," "Up on Cripple Creek," and "Life Is a Carnival." Levon Helm's story—told here through sweeping research and interviews with close friends and fellow musicians—is the rollicking story of American popular music itself. In the Arkansas Delta, a young Levon witnessed "blues, country, and gospel hit in a head-on collision," as he put it. The result was rock 'n' roll. As a teenager, he joined the raucous Ronnie Hawkins and the Hawks, then helped merge a hard-driving electric sound with Bob Dylan's folk roots, and revolutionized American rock with the Band. Helm not only provided perfect "in the pocket" rhythm and unforgettable vocals, he was the Band's soul. Levon traces a rebellious life on the road, from being booed with Bob Dylan to the creative cauldron of Big Pink, the Woodstock Festival, world tours, The Last Waltz, and beyond with the man Dylan called "one of the last true great spirits of my or any other generation." Author Sandra B. Tooze digs deep into what Helm saw as a devastating betrayal by his closest friend, Band guitarist Robbie Robertson—and Levon's career collapse, his near bankruptcy, and the loss of his voice due to throat cancer in 1997. Yet Helm found success in an acting career that included roles in Coal Miner's Daughter and The Right Stuff. Regaining his singing voice, he made his last decade a triumph, opening his barn to the Midnight Rambles and earning three Grammys. Cancer finally claimed his life in 2012. Levon is a penetrating, skillfully told tale of a music legend from Southern cotton fields to global limelight.

This biography based on original interviews conducted in Mississippi and Chicago, brings together the complete record of the first of the great Chicago bluesmen. Born and raised on a Mississippi plantation, Muddy Waters was discovered in 1941, and two years later moved to Chicago where he pioneered what came to be known as urban, or electric blues. Sandra Tooze explores Muddy's dramatic life as a bootlegger, gambler, ladies man, and legendary blues musician, and makes new revelations about Water's personal and

As popular as the Triumph Twins were in the 60s and 70s, they are quite possibly more popular now. The new book from Wolfgang Publications offers complete start-to-finish assembly and restoration sequences on two Triumph Twins, a 1963 Bonneville and a 196
